

New Walcrest Reservoir and Pump Station Project

The City of Dallas, along with engineering firm Nathan D. Maier Consulting Engineers, Inc., have determined it necessary to replace the 60 year old Walcrest reservoir and pump station facility, due to deteriorating condition. The facility is located on the northeast corner of Walnut Hill Ln. and Hillcrest Rd. The majority of construction will be confined to the site and will be fenced off for public safety and screened from view. We do not anticipate significant impacts to the traveling public; however, there will be lane closures on Hillcrest and Walnut Hill for a period of time to remove the existing structures and install new valves. You may see trees flagged for removal. The decision to remove trees for construction is a difficult one. Every reasonable effort has been made to protect and preserve as many trees as possible on Hillcrest, Walnut Hill and Aberdeen.

Please understand that we will do everything possible to minimize disruption to our neighborhood. We appreciate your understanding and cooperation during times when inconveniences do occur.

Frequently Asked Questions

How long will construction last? *Through Fall 2019.*

Will we be able to use the sidewalk on Hillcrest and Walnut Hill? *For public safety, sidewalks adjacent to construction activities will be closed.*

Will construction of the new facility affect the quality of our drinking water? *All connections between the facility and the Dallas Water Utilities distribution system will be disconnected during construction and then reconnected when the new facility and pipelines are ready to be placed in service.*

Will we experience any service interruptions during construction? *Service interruptions are not anticipated.*

How much will this project cost? *The construction contract was awarded for \$36,780,500.*

Will I see an increase in my water bill because of this project? *Water rates are used to fund future projects. This project was funded by previously established water rates.*

Will you share more updates? *Regular updates will be posted on walcrest.org. Information will also be available through social media channels. Find us on Facebook – [Walcrest Pump Station](#). Follow us on Twitter [@Dallas_Walcrest](#).*

Who can I contact for further questions? *Please direct all inquiries to the Walcrest Project website walcrest.org/contact. Use the email form to submit your inquiry.*
