

## ATTENTION:

### Crestline Meadows Estates Residents

Construction activities for the new Walcrest Reservoir and Pump Station project have begun. Excavation and demolition of the existing facility will soon begin. For public safety reasons, it will be necessary to close the right lane of Walnut Hill Lane. This lane closure will affect access to the alley that abuts your residence. The lane will be closed from 9am Mondays through 4pm Fridays. During these times, the alley will be accessible from Aberdeen Avenue and Briar Meadow Drive. The alley will be accessible from Walnut Hill on weekends. **Alley entrances off Walnut Hill Lane will be closed to all traffic beginning December 14, 2015.**

Safety is always our number one priority during construction projects. Please understand, we will do everything possible to minimize disruption to the neighborhood. We appreciate your understanding and cooperation during times when inconveniences do occur.

## Frequently Asked Questions
